Food safety training is a commitment, a mindset and a smart business practice for every Family and MWR foodservice operation. In today's environment food safety awareness is as heightened as ever. Setting a culture and standard of excellence in your workplace is just good business. At School for Family and MWR, we are committed to helping you reach that standard. We have open enrollment for ServSafe® online training course on our website, www.imcomacademy.com.

Food safety training doesn't end, however, once a Family and MWR employee or manager (and chefs) earns their certification. That is where it begins - by implementing food safety practices on a daily basis. It is also critical that every person in an operation meets today's food safety practice demands.

ServSafe® certification provides the resources to keep food safety as an essential ingredient in every meal. ServSafe® training is the one commitment to food safety implementation that employees, managers (and Chefs) should share every day.

Employees can acquire ServSafe® certification from School for Family and MWR tuition free! Log in and enroll today!
